

## Intermediate Guitar Level 2

### 1. Rhythms

SIXTEENTHS

E7<sup>9</sup>

Use the G Major scale.

2. **Chords**                      Name and play 2 minor 7ths, 1 minor 7th b5, and 1 diminished chord.
  
3. **Progressions**              Play a chord scale using barre chords. Make a diatonic progression from 1 key using barre chords.
  
4. **Scales**                        Play the Major scale in one position and 2 octaves. Play the pentatonic scale in 5 positions. Name the key.
  
5. **Arpeggios**                    Play Major, minor, and diminished arpeggios - 2 octaves.
  
6. **Soloing**                        Solo over a 12 bar blues. Anticipate the IV chord, and get through the turnaround successfully.
